SCOOP SNOOPS !!!!!

SNOOPER from the past - circa 1954 - There was a sensational appearance of about 100 saucers over ROME on the 6th. of November! The strictist order of secrecy was then issued by the authorities; in a message from Consul Dr. Alberto Perego he says: "Today, between 11 am and 1 pm a great number of Flying Saucers flew over Rome..... the height was 10,000 -12,000 meters and they were flying at a speed of about 1200 or 1400 mph. At first they appeared as tiny white spots, but soon formed a mighty V in the sky. Then from the opposite direction came a SECOND formation of Flying Saucers. They quickly let the two middle points of the V converge and so they formed a GREEK CROSS .... the CROSS lasted about one minute and was very clear. It made a very deep impression on all observers!..... Another instance where 'saucers' made a spectacular display of design occurred in the skies over LHASA, the capital of TIBET.... the report claimed that the LAMAS could READ the 'symbolic' message that was given in the design of the FORMATION of the objects!!! It seemed that the letters formed by the objects corresponded with their OLDEST ALPHABET on record ----- The message reportedly said that 'they', the Spacemen, said it was their duty to WARN the people of this planet..... (WARN against WHOM???? or could it have been a WHAT????) ----- The NEW and the ANCIENT have sometimes a most peculiar way of blending ----- Richard Shaver has long maintained (among other researchers this item has also occurred) that so-called RECORDS were left here by the ELDERS or the ANCIENT ONES --- and that said records sometimes were recorded in crystal-like 'rock' or 'talking' apparatus..... SEE THIS LARGE SCIENTIFIC 'NEW'!!!!!! "Now, by HOLOGRAPHY, 1,000 standard-sized book pages of information can be STORED in a CRYSTAL two inches square and a quarter inch thick. WHOLE LIBRARIES can be recorded in VERY LITTLE SPACE!..... "Certain wavelength of LIGHT in the laser beams cause the color centers to change their state, forming HOLOGRAMS. MILLIONS OF BITS OF INFORMATION CAN BE STORED...for disclosure when interrogated by a laser beam.....! QUOTE: "There is nothing NEW under the sun." ..... COSMIC RACIAL MEMORY....HMMMM? ..... RECENT NEWS about the MOON ..... Like could be WATER THERE! SPOOD - Never let it be said that American enterprise is SLOW....!..... QUOTE: "COCA-COLA is reviewing bids for BOTTLING on the MOON!" It ALSO has applications for a bottling plant on MARS...! "Company attorneys are aware of some complicated legal facets in EXTRATERRESTRIAL FRANCHISING, but haven't set any final procedures on awarding contracts." --- Ready for another quote??????? --- This time from a Dr. Bob Jones, President of the Bob Jones University at Greenville, S.C. --- "God is not going to let man take over space. I can give you the scripture for that. God gives man the earth and the atmosphere of earth. But HE reserves the 'heavens' to Himself." ..... Dr. Jones is not ALONE on the thought of WHO or WHAT will make MOON-NEWS! SWAMI A. C. BHAKTIVEDANTA -- a GURU -- said..." If astronauts land on the MOON, they will probably be opposed by HIGHLY INTELLEAGENT BEINGS who have been LIVING THERE for 10,000 years"..... He also indicated that "Any advanced civilization would NOT take kindly to dumb (?) visitors from another planet." ----- (?)'s MINE.....! ..... Who wants the Popcorn and Hotdog concession?..... News of another type of CREATURE--- this time in ALASKA -- resembling part man - part animal --- it has not only been discovered --- but according to CAPRI NEWS --- it has been CAPTURED! "One report stated that a scientist, while conducting a test on the creature became hysterical and went literally out of his mind as a result of staring into the eyes of the creature..... Gray Barker of SAUCER NEWS has the same report in his office..." OK -- Fellas --- Let's here the rest of the Scoop....! We're all ears....! Especially the part about " the THING is being held in an underground military base... and that it is alive --well-- and being fed regularly..." "Wow" -- says Scoop--- or -- it could be BOW-WOW! Or even MEOW ...!.... CHOW! (Italian bye-bye from Scoop!)

## EDITORIAL COMMENTS

The 'theme' of this issue (if Mental Rape can be called a theme) is that of the recent case histories of 'mental contact' that are presently cropping up in our files. The Mental Rape Syndrome, whose symptoms are put forth in the following Scoop pages, are the most insidious 'symptoms' in our field today.

Mental Rape can be defined as the process whereby a person's thinking - feeling - sense of touch - sense of smell - physical complaints are actually invaded by an alien-type of intervention, completely above and beyond the control of the individual. It can take the form of a 'telepathic' message, or a direct 'contact' -- the follow-up of this contact being physical distress, extreme pain, PLUS mental anguish. The most prevalent of the feelings aroused seem to be those of the personal LOSS of Free Will. The sensation of being a 'robot' -- controlled by 'something'. One contactee reports 'strange voices' speaking to him within his head. Of course, this is NOT a new 'symptom', it has been reported for years and in many other fields. But, when these voices whisper of destruction, violence, and 'Kill' - it is time we recognize the phenomenon for just exactly what it is - and to try to combat it. A few weeks ago right here in St. Petersburg, a woman heard 'voices' which told her to set herself on fire..... Unfortunately for her..... she did.... and she died. This IS an extreme example.... HOWEVER..... this same type of 'message' has been given to many of the 'contactees' in our field of Ufology.

There also seem to be some GOOD side-effects of contact. Hans Lauritzen in this issue relates how he feels that he was cured of a serious liver disease. But, in the healing process, he also relates the mental anguish, the physical pain, and his feeling of 'being controlled'. The witnesses involved in the Key West incident are now reporting an INCREASE in their intellectual processes. Where poor grades in school before the contact were the rule -- this is all changed now. Apparently, the IQ of the witness was raised. This was also the case of the policeman in Nebraska, who had contact with "bodiless entities" who "floated" and were "nebulous". This witness found that he was suddenly endowed with a huge proportion of ESP.... And he could describe buildings and room furnishings hundreds of miles away --- and he could prove that he had NEVER been to the places he was describing.

Seemingly, we have an enigma here. On the one hand - BAD effects - on the other - GOOD effects. This raises the question of are we dealing with TWO types of Saucer-nauts -- or -- are we dealing with ONE type - who are seemingly capricious in THEIR selection of what they want the witness going through? NO MATTER HOW YOU SLICE IT -- the 'selection' of WHATEVER effects - are definitely not up to US. And --- if it is NOT up to US - utilizing our own God-Given mental processes -- then -- we are forced into the solution that we are being mentally raped - that thoughts not of our own volition are being foisted upon our unsuspecting minds - against our free will.

One answer could be the one proposed by Mr. Lauritzen, namely that telepathic 'messages' can be induced through mechanical means. In other words, not mind to mind, but MACHINE to mind. All quite scientifically, and not at all supernatural. Just SuperTechnology! A strobe-type of flashing brilliant light can pierce the optic nerve at just the EXACT vibratory frequency -- producing INSTANT HYPNOSIS - ---- - Memory loss, sleepiness, vagueness, change of personality, all these 'symptoms' being constantly recorded in landing cases. As researchers and investigators we MUST arm ourselves with the most powerful weapon in the world - KNOWLEDGE. It is NOT trite to say: The truth shall make you free - either we LEARN - and win - or we lose our free will and become the slave of our own muddled minds... ..

SOVIET SAYS JESUS WAS A COSMONAUT - Christ was a cosmonaut, according to a Soviet philologist. Philology is the study of languages and words. The government news - paper Izvestia published excerpts from articles by V. Zaitsev who said that the Star of Bethlehem was really a spaceship and Jesus Christ was a visitor from another planet with a higher form of civilization. "In other words, the descent of God is really a cosmic occurrence," Zaitsev said. He suggested that it be considered "a historical event, and that we replace the word God with a new term: Cosmonaut Jesus Christ." He said that the Biblical description of the Star of Bethlehem signifying the birth of Christ was historically correct. "The moving star which stopped over Bethlehem where Christ was supposed to be born was a spaceship."

LIFE ON MARS POSSIBLE - BUT NOT ON THE MOON - United Nations - (AP) - Soviet scientists have concluded that life is impossible on the moon. They think it is possible on MARS and not to be ruled out on Venus, hot as that planet is. A Soviet government report published in the UN's annual review of national and international space activities says "Soviet scientists are investigating the possible limits of the existence of life" to see whether it can exist under conditions different from those on earth. The scientists doubt that life could exist in places that lack natural agents to move matter around, presumably to carry food, remove wastes and spread seeds. "The absence of systematic processes for the movement of matter on the moon," the report said, "obviously makes active life on its surface impossible."... "Examination of the temperature limits for the existence of life" gives rise to "the possible life in, for example, the polar regions of Venus."

March 17, 1969 - Phoenix, Arizona - Herman Slater, who was piloting a Cessna 150 and his friend, Ben Ripley, also a pilot --- had been airborne 12 minutes when they spotted from 14 to 20 UFO's, at 3:32 PM on a clear, sunny day... Slater described the objects as "white, opaque and with a black stripe leading back on the outer edge from a slight protrusion at the forward section of their oval shape." Slater said they were flying at 100 mph at 5,000 ft. and heading for 5,500 and that the objects were going west at what seemed to be from 250 to 300 mph. He estimated the UFO's at anywhere from 500 to 1,500 ft. above the mountainous terrain, not flying in a geometric pattern but undulating and dipping as they followed the contour of the ground in precise UNISON, as though remote controlled... There were about a DOZEN in a kind of center cluster and the others were grouped around them haphazardly"...

March 17, 1969 - Lincoln, Nebraska - Herb Lancaster, who Monday evening reported to police that a FLYING SAUCER-shaped object landed in the intersection of 70th and Havelock Ave., says the location was not correct. Lancaster said he actually spotted the UFO near 65th and Havelock, and that it was moving toward him with a large light in front of it. According to Lancaster, there was a man inside the object, who was either Chinese or Japanese, standing before a panel of instruments. Lincoln police said they had received no other reported sightings in the area.

March 24, 1969 - El Dorado, Kansas - STRANGE LIGHTS DEFLECT CAR'S STEERING! -- Steve Gladfelter and his girlfriend had a frightening experience about 11 pm -- about 4 miles SE of El Dorado. Steve said they spotted two "lights" on the ground of an open field. They were about 25 ft. apart and about 10 ft. in diameter, approx. 100 yards from their car. He turned the car around to go by the scene again for a closer look when the car suddenly WENT OUT OF CONTROL. "I was traveling 15 mph," he said, "but I had no control over the steering wheel. The car went down the road at an angle, but it did stay on the road." It really traveled about 150 ft. "before the wheels seemed to take hold." Each light flashed several times, he reported, then stopped, leaving a slight blue glow...

May 3-4, 1969 - Rio De Janeiro, Brazil - A large UFO moving at ultra-fast speed and emitting blue, green, orange and yellow light, was seen over Rio, police reported Friday. Detective Genildo Pereira Gomez first reported seeing the object -- shaped like a giant glass and "twice the size of a full moon" at 4:23 AM Thursday. Radio patrol headquarters sent out a car to observe it and its crew confirmed the detective's story. Police said the object moved with incredible speed, emitting light that varied from blue to green to orange and yellow. After about an hour's maneuvering over the mountains outside Rio, it assumed the shape of a star and then disappeared.

APOLLO 8 HARASSED BY UFO's ??? -- YES! says a weekly 'pulp' news sheet of 5/19/69. According to the article, security leaks made possible the sensational story. The astronauts, Lovell, Anders, and Borman were subjected to the terrifying sight of a disc-shaped UFO on the second night in space. Intolerable ultra-high frequency noise, blinding lights, etc... which caused all Apollo's major systems to not function. The astronauts suffered physical and mental torment. Correction by 3 sec. burns set the spacecraft back on course. Again, at the point of lunar orbit insertion, a second UFO appeared and sent waves of heat and brilliant light toward the Apollo 8. It began to pitch and yaw, and the astronauts were stricken with a combination of physical and mental aberrations...

May 12, 1969 - Lake Zurich, Ill. - A UFO that BEAMS a dazzling ray of light to the ground has been reported in the Palatine-Lake Zurich area and is being investigated by members of Northwestern's astronomy department.. it was saucer-shaped, like a World War 1 English helmet. It had a concave indentation in the center of it's underside with a large light in it... the light went off and on a number of times, and it nosed down at one point and from the front it appeared oval with three large "headlights" at what appeared to be the forward section. Smaller red and white lights, which were located three quarters of the way around the rim... kept blinking on and off... The object made an unusual humming noise that would rise and fall in pitch in a regular pattern... a light came straight down and flashed brightly ... it lit up a large area on the ground...

June 1, 1969 - Charleston, West Va. - "Strange Cigar-shaped object reported" ----

Perhaps somebody out there knows that a national UFO-watchers convention is going to be held in Charleston this month. A half-dozen spectators at a Little League ball game east of Kanawho City reported Saturday they saw a strange, white, cigar-shaped object "float down" in front of a hill... "...It was a white thing. It floated down behind the trees and about 15 or 20 minutes later it came back over the trees and down behind the turnpike. Several other spectators commented that it was "very real" although one believer jokingly quipped, "It's probably just a large heavy chunk of fog."

June 9, 1969 - Charleston, West Virginia - "My God, they're coming down to get us!"

That was the cry of Mrs. June Zaley, one of the dozen or so people in attendance at a small community church in Monroe County Sunday night. As they left the service, worshippers saw a huge ball of fire circling the steeple. The minister, a Rev. Mr. Reed, told members to go back into the church for protection where he offered a special prayer service. Two teenagers who had run for the cover of some large rocks near the church, did not return to the building, but observed the object from their hiding place. Shortly after the congregation re-entered the church, the ball of light shot upward at incredible speed and soon disappeared.

That was only one of the flood of UFO reports coming from the southern part of West Virginia. Members of the Saucerian Books staff got little done the latter part of the past week, as they answered long distance phone calls, some of them about the forthcoming Congress (June 20-21), but mostly by people who had caught one of my radio and tv appearances and wanted to report sightings...

"FRIGHTENED UFO MAN GIVES UP ----- and WARNS" Dated: March 12, 1968

Mr. Brian Leathley-Andrew has shut down his UFO information bureau --- a frightened man. Since he opened the bureau in Coventry in September, he has, he claims :

- 1) Been watched by a man with a glowing orange face.
- 2) Had his telephone cut off whenever he attempted to talk about UFO's.
- 3) Received a phone message from a caller speaking unusual English.
- 4) Been worried by sudden fluctuations in the lights of a house he was visiting.

Mr. Leathley - Andrew, who prefers to keep his address a secret said today: " I have given this thing up and destroyed all my papers. There have been happenings which have worried me and frightened my wife..." The incidents which have worried Mr. Leathley-Andrew started at the beginning of October. At that time he was repairing his car at the back of his mother's house..."I was by myself. Suddenly I noticed a man standing by the next door garage. Nobody had been there before. His face was glowing orange and as I watched the face changed to that of an old man before my eyes... You could not describe the first face in normal terms. It had eyes, nose and mouth, in the proper places but NOT of the shape that we associate with the human figure... Throughout the period of his interest in UFO's, he has had mysterious trouble with his phone. "Everytime I tried to speak to someone on this subject the phone went dead. Since I have given it up I do not have any trouble..."

Another incident took place when he was talking about UFO's to a Mr. Glench in his home... "All the lights in the house suddenly dimmed as though a huge electrical load had been put in the circuit... "This is most unusual" said he, an electronic engineer. Now he is warning anyone else against getting interested in his subject. "All this started two days after I opened my bureau. I want to publicly warn all teenage hobbyists that this is nothing to dabble in lightly." ... ..

INTERNATIONAL ORO LETTER NO. 3 ----- "VOICES IN THE HEAD"

ITEM: A brilliant flash of light in the sky attracted the attention of three individuals - men of good reputation, "... of ample economic means, well known in Venezuealan society (one of the a professional man to boot)..." with the unlikely consequences herein set forth. Credit is given to Horacio Gonzalez Canteuame's article "Landing at San Pedro De Los Altos" which appeared in the Flying Saucer Review (Mar/April 1969). Dispensing with the details pertaining to the landing inas- far as the physical details are concerned -- the author will endeavor to tie this encounter with other encounters which have the same characteristics or similar hall- marks of "uniqueness".

The 'entities' that exited from the disc appeared to descend down a shaft of light on the underside of the craft. This craft was allegedly some 90 ft. in dia- meter. An editorial comment in FSR asserts: "There are several other cases on rec- ord in which it is alleged that entities from hovering UFO's have descended and as- cended on shafts of light..." It is reported that as late as Aug. '68 one of the three witnesses is in a state "... psychological traumatic shock due to ..." the encounter with the two tall (about 7 or 8 ft. tall it is said) beings who apparently communicated from a distance of 10 ft. from the three --- TELEPATHICALLY. It is re- ported that no movement of the lips or any part of the bodies of the UFO nauts was perceived: "They heard the message inside their heads - or rather, inside their brains." FSR asserts that the alleged hearing of voices in the head is a familiar feature of an impressive number of cases. The interested reader is referred to a number of similar incidents, including (in the JUNE issue - SAUCER SCOOP) in which telepathic 'messages' figure in the phenomenon in one form or another. Examples include Rev. De Polo's encounter, the article on "Dream Intercessioñ" by Mr. Bache, "The Force Field in the Sky" by Joseph Ule, in which reference is made to a force field, a hollow, deep penetrating sound coming from above, and " ... a tapering funnel-like stream of light issuing from the silver object..." in such manner the light beam encompassed the automobile.

Finally, allusion was made to the alleged fact that there are some SEVEN in- habited planets in this Galaxy. The point is simply that ORO has previously re- ported in this publication that the UFO phenomenon is somehow linked to a -- "Council" (?) -- a group -- of SEVEN MEN (or would entity be a more apt term?).

Also, the UFO nauth made a reference to probes of Earth by BOTH MORPHOUS and AMORPHOUS beings. This author finds corroborative evidence supporting such life forms in numerous UFO/POLTERGEIST type phenomena. Studies are underway to sub- stantiate some of the premises surrounding the AMORPHOUS connected phenomena.

A tantalizing definition of the AMORPHOUS life form was allegedly given by the UFO nauts in response to one of the three witnesses's insistence ( a professional gynaecologist) : "They are entities, living by means of crisotelic ascending neural evolution." FSR asserts that inasmuch as this definition of the AMORPHOUS life form was not understood by the witness and no further questions were asked...

## DEFENSE FROM PSYCHIC ATTACK

by

STEVE McNALLEN

The realm of the occult is becoming more and more involved in the UFO field. Where once we had relatively simple sightings, we now have poltergeist cases, astral traveling, psychic harassment, and much more. This creates an inherent problem in that most people are inclined to automatically disbelieve anything relating to the occult. This problem is one which must be overcome if we are to make any real progress in defending against "psychic attack" -- a term I use here to denote the 'poltergeist' type of manifestation and the 'apparitions' and weird dreams often visited upon either UFO witnesses or researchers.

In all the following, I am making one key assumption - that the invisible entities, the "smellies" and other manifestations associated with the UFO mystery are basically the same as those which we have had for centuries labeled 'occult', and are not merely some sort of accidental technological duplication. Because of the similarity of these phenomena, not merely superficially but in depth, this assumption is at least safe enough to make an attempt to formulate a defense worthwhile. The following rules should be observed by those under attack:

1. A person under psychic attack should keep in general good physical condition by reasonable diet and sufficient exercise.
2. Healthful exposure to sunlight helps turn back psychic attack, as it strengthens the "aura", which is a type of biological force field.
3. Some food should be kept in the stomach at all times, as this keeps the psychic faculties closed down.
4. The person under attack should avoid solitude.
5. A hot bath can be used to draw blood from the centers of psychic activity in the head.
6. The sea, mountains, and open country should be avoided.
7. A hot water bottle - or pressure - applied to the solar plexus will keep this psychic center closed down.
8. Buildup of fecal matter - constipation - should be avoided.
9. Sleeping pills should be avoided.

All the above are physical in nature. They will not actually repel psychic attack, but they will remove some of the difficulties and allow the victim to make a more determined resistance. This is important, in that often the one who holds on the longest will emerge the winner. The rules given here will be most useful against the purely mental attacks - those causing hallucinations, terrible nightmares, etc... Other forms of harassment, such as the poltergeist type...require more sophisticated methods of defense. The above measures - coupled with prayer - can serve as a sort of temporary defense, but should affairs worsen, one will need competent help, and fast. Exorcism by a priest might be tried, as might the aid of a bona fide occultist...

... A word to any victim of psychic attack. Use these means as best you can, and try to carry on your work. Sure, this is a lot easier to say than to do -- but we need your help. The enigma of the saucers becomes more threatening every day, and we need all the data we can possibly get. By resisting, you can help us to learn more - and learn we must - if we are to survive.

FELLOW RESEARCHERS -- Please use the above article in your publication, so that the information contained herein will reach the largest number of people possible!!!

## FLORIDA REPORTS

SCOOP DIRECTOR for the BROOKSVILLE AREA, Mrs. Eula Lewis, reports that on May 27, 1969 at approximately 9:00 PM a landing occurred in the lake area behind the home of the well-known contactee John Reeves. According to the reports given to her, there were two adult observers and one child of about 8 years of age. The couple were in the lake area fishing when they saw a very bright moving light which seemed to be hand-held and maneuvered by a small person dressed in dark, possible green, coveralls across from them on the opposite side of the small lake.

The 'person' appeared to be short in stature, perhaps  $4\frac{1}{2}$  to 5 ft. tall. Suddenly, a brilliant light of orange color started 'beaming down' -- they said it formed an UMBRELLA SHAPE -- approx. 12 ft. in diameter. It was about 500 ft. away from the observers with the small lake between them. The 'person' continued to move about-flashing the light (hand-held one) hither and yon. Twice it hit our observer directly with its blinding glare. This type of action continued for approx. 45 minutes. Our witness decided to go back to fishing in the lake, ignoring the whole thing. The other observer's curiosity overcame them, and started circling to the right around the lake towards the lights. It was cloudy and a bad storm churned above them going in the direction of Dade City. He had gone maybe 175 ft. or so in the direction of the 'little person' when the little one rapidly scrambled into the bush area -- the light turned fiery red -- and hazy -- and was seen no more.

He then contacted the other person, and together they began to check the lake area out. They did find DOG-BONE (or figure 8) type of footprints -- a quantity of a GREENISH-WHITE ash-like residue -- and a small piece of metal -- ALUMINUM-like -- about one eighth of an inch thick. Also they found a 12 inch depression where the ground had been disturbed and there were also two small holes (about the size of a quarter) about 6 inches apart. There were broken bushes which also showed evidence of being burned and the grass was trampled down. The ground appeared 'scraped' off in the bushy area for a distance of 6 feet. Mrs. Lewis goes on to report that on her first visit to the area the radiation count was very high. In 24 hours, it had gone down considerably then it completely disappeared. The metal fragment also showed slight signs of radiation. It was determined to be non-magnetic. They marked the spot by two pieces of Alcoa foil -- about 12 ft. by the width of the wrap. One piece was placed near the clump of bushes and the other on the grassy area by the lake. On the next visit to the spot, the piece of foil nearest the lake was burned to an orange-yellow color and it appeared to be full of pin-holes. A heat test on the same type of foil failed to produce this result. Also, a NEW supply of the whitish ash was at the spot. The area gave off an acrid, burning-type of odor. One observer said it smelled like sulphur. A report of 'beeping sounds' was also turned in to Mrs. Lewis from another area resident for the same time slot.

Two people ( who prefer the name not to be used -- were walking in the woods near the area on the same night in question and reported to her they thought they were "followed by something -- a heavy-walking something" which kept out of sight ( and they were happy it did! ) They said the 'heavy walking sounds' also had a SMELL "LIKE THE HAIR ON A WET DOG!"

Further reports of another landing -- some 16 miles from Brooksville -- is now under Scoop investigation and the details will be released as they are correlated. It shows similar characteristics as the landing reported above.....

FLORIDA REPORTS - Mrs. June Barthlomew, SAUCER SCOOP BRANCH Director for the Sarasota area, reports that her group has been most active within the last two months. They have logged many UFO reports and held two open to the public meetings. Believing in the policy of a free exchange of information between Organizations and other local groups, Saucer Scoop and Mrs. Bartholomew correlated data from many sources - including radio, newspaper and private researchers. This data is open to inspection. We wish to state that at NO time did we try to suppress new data, nor did we insist that this data be given to ONE group only. The 'one group only' theory on a national basis is bad enough - we do not need it in the local areas as well.

The latest report from Mrs. Barthlomew concerns a family of four that were out fishing in the area of Ten Thousand Lakes. This occurred June 9, 1969. About 6 AM they spotted an object -- saucer-shaped with a 'bubble-like' dome on the top of the craft. This object was reported to be "zipping" in and out and around the numerous small islands in the area. It also was reported to be in the vicinity of the buoy (channel marker) which researchers have now learned carry their own 'energy'. A further investigation of the witnesses and the follow up story on their experience will be recorded in the next issue of Scoop. A park Ranger in the area also related that he had seen strange objects many times - but refused further remarks about this as he said, " I think it is a UFO BUT people laugh at me."

THE KEY WEST INCIDENT - JAN. 1, 1969 "FURTHER REMARKS" -- by JOHN A. KEEL  
Box 351  
Murray Hill Station  
New York, N.Y.

(ScoopNote: Mr. Keel prepared this follow up report to the incident reported in JUNE SCOOP. The initial credit goes to Ramona Clark, Editor - CAPER NEWS, who did the first investigation and research analysis. Scoop feels that the psychological implications in this case bear intense watching.)

WITNESSES: Names withheld for the usual reasons. They are on file to serious researchers. Adverse publicity in their local area caused them to request the above.

This incident was first mentioned in the Key West Citizen. No date available. The following report by Mr. A. was later published in CAPER NEWS, April 1969. I wrote to Mr. A. and asked him to revisit the witnesses for a follow-up report. That report is included here.

First, the original story as published by CAPER NEWS. (I have altered the sequence of the report to place events in chronological order.)

"At about 11:15 p.m. on the night of Wednesday, January 1, 1969, the two witnesses, George, 18, and Jane, 16, (names have been changed) were sitting in the front seat of George's station wagon, parked near his home in the rear area behind a Food Fair Supermarket. They were suddenly startled by a hollow, deep penetrating sound from topside, as though it came through a vast long tunnel. It was the type of sound connected with horror movies, they both said. This caused them both to look up and at the same time there came down a rain of apparently a concentrated hail, slow moving, small needlelike pieces, which hit the compact area of the windshield and front portion of the roof of the car. Then the awesome part of their experience began.

"They both started to feel a sense of sudden warmth and the sensation of complete weightlessness as they felt an uncontrollable force tug at their solar plexus and travel upwards through their chests and into their heads to the top of their brains. They could not move. Tingling warm electric shudders and waves coursed throughout their whole bodies and an enormous sense of complete blankness came over them, as their eyes were guided upwards without any apparent volition of their own and riveted upon a brilliant silver-hued object way out in space. They had by then lost all sense of volition. They both related that as they looked upward they had the distinct feeling of penetrating millions of miles into the outer distance and the source of the silver light made it possible to look right through what appeared to be a dense cloud. They felt as though they were looking through a force field which made it possible for them to penetrate space with their power of vision. Their feelings were eerie, uncanny, but in no way harmful. They could not, or rather had no desire to fight this force field and actually could not judge how long they were riveted by its powerful force.

"They recalled a tapering funnel like a stream of light issuing from the silver object to encompass the area of the car. During the suspended state they once more heard the hollow, deep tunnel, cryptic sound and instantly the force field, ray and beam with its powerful despotic effect upon them dissipated. They at once clasped hands, and felt a "deep freeze" chill like dry ice and the inability to let go, just as intensely cold objects will glue to the skin and resist all efforts toward removal without tearing the skin. When this condition vanished they bolted out of the car. They looked all around and neither saw or heard anything.

CONTINUED

"In recalling the experience, George said that upon first noticing the deep hollow sound, he had attempted to start the car and it refused to turn over.

"An inspection of the station wagon showed small pittings on the windshield and front portion of the roof caused by the 'hail'."

"Both George and Jane's hands showed the effects of their attempts to clasp and unclasp their hands. On George's right thumb tip and Jane's left thumb there were cuts which had bled.

"In an interview with Jane's aunt later, she said that the day after all this happened Jane was in an 'out of this world state'. It took some time to snap her out of the pale, concentrated trance-like state. It was as though the horror of it all had her hypnotized.

"Lt. Terry Jones of the Sheriff's department called to see if the objects George and Jane had recalled during questioning had been mentioned to Mr. A. Jane recalled four 'grayish' objects on the roof of a nearby dime store. But when she returned to the spot an hour after the incident, only two such objects could be spotted.

"George recalled four 'fire plug-looking' objects, about two and a half feet high - two of which had a helmet-like upper portion and a flaring pyramid base.

"Apparently these objects were gone when Mr. A. visited the area with the young couple on Jan. 5th. George parked the station wagon in the exact spot where he thought it was parked on the night of the strange happening. Mr. A. reports: "I noted that the feed wires leading to the shopping center were about 20 feet to the right and the high tension lines at a much greater distance. The large transformers directly behind the store were about 100 feet away."

The young couple, accompanied by George's mother, visited Mr. A. on the evening of Jan. 2nd. "I was immediately struck by the pale and nervous appearance of the two young people," he noted. ----- THE FOLLOWUP: On Saturday, May 3, 1969. Mr. A revisited George. --- "He did not appear too willing to talk and he had a sort of knowing and far away look in his eyes... He was very restless and something seemed to be crowding him. Upon casually questioning him I discovered that he had done much, much better in school and was especially interested in electronics and math. In fact, his Mother had already told me that he had been recommended for a scholarship. He told me he was highly elated about Jane. She had never been more than an E and F student and that now she was receiving A's and B's. He impressed me as still being slightly stunned and that since the incident his relations with his family have definitely disintegrated. This is due primarily because his family is solidly against him marrying Jane. His mother told me that a few weeks ago George packed up in a huff and left home but he returned after a week. Where he stayed in the interim they don't know. George stated Jane has changed for much the better since the incident. She shows definite scholastic improvement and has become more sociable and likeable. She is a much more interesting and companionable person than before the experience. George has had an unprecedented fear of the dark ever since his experience. Jane, too, is now afraid of being alone in the night, and afraid of darkness. "George was pleased that Jane has become more middle-class and conventional since the episode." "I have gone to interview the girl on three different occasions. Her aunt and husband are known to have been at home at the time but they refused to answer the doorbell."

\*\*\*\*\*

ADDENDUM TO KEY WEST, FLA. INCIDENT: Investigator Mr. A. writes (May 11, 1969) that he was visited by "George" and his mother, father and elderly aunt on the afternoon of May 10th. Mr. A. asked George if he had had any further experiences of an unusual nature. "George" appeared in a sort of mild daze," Mr. A. reports,"and said, no, except that he was very afraid to be along ANYWHERE in the dark. He had a nervous and a pervasice fear of something. His mother cut in and said, "You can say that again! He crawled into bed with me the other night because he was afraid of something." \*

Further on, Mr. A. states in his report: "George's mother said she was at a local doctor's office recently and he had poo poohed the whole experience and said, 'Impossible'. A middle-aged man and his wife (names available) spoke up and said, 'Doctor, it is true. We were on Fleming Key at the precise time the paper said this thing occurred.' The location is about two and a half miles directly due North of the Food Fair store in question. 'We were very startled to see the hazy beam out of space directed to the area where this supermarket is located. The beam was hazy and the source of it was brilliant and it seemed to broaden slightly as it rayed earthwards. Also, Doctor, there were two civilian employees of the Navy with us; they were very perturbed when they saw what we saw and wanted to leave immediately. They did not like this and some of the other things they had observed at night on this lonely and uninhabited big Key. They said they were going to ask the Navy officials to transfer them to another job.' The doctor looked puzzled and worried and did not comment. This testimony came out of a clear sky and without any coercive effort on anyone's part." — The above possible corroboration of this incident must stand as hearsay until we can locate and interview the couple mentioned.

BLACK LIGHT (Reprinted from COS-MOS - 95 Taunton Rd. London, England - SE12 -)  
"I should like to relate a sighting that took place around July, 1965, about 6 miles from my home... place name is CLARENDON, about a mile from Happy Valley reservoir due south of Adelaide. (Australia)... The time was about 9:45 P.M.; he'd left his house to move about a dozen sprinklers on his orchard, carrying a torch whose batteries he tells me badly needed changing, in other words he had a pretty feeble light. About 400 yds. from his house he became conscious of a DARK SHADOW in front of him. Thinking he's strayed from the path and was standing by a large gum tree...he shone his torch towards the shadow. He saw what he describes as a BEAM OF BLACK LIGHT about 6 feet across, the edges showing up quite clearly in the torch light. Looking upward he saw 8 or 9 ORANGE COLORED LIGHTS about 5,000 ft. up;he thinks 5,000 ft. but is willing to accept the height as probably wrong- it is extremely difficult...

Thinking at first it was an aircraft he watched it, but as the object never moved he realized it was something strange, and in his own words, that although he'd seen action in the Middle East in WW 11, he'd never felt as frightened as then, and he quickly returned to the house. We checked the area in case he'd seen car lights... but this was impossible; no aircraft were due or had taken off at this time. What struck me was his saying he'd shone his torch up the beam, and that it clearly showed the edges... REPORTER: Mr. P. Livingston, of 80, Gulf View Rd., Christies Beach, S. Australia...

PERSONAL NOTATIONS ON 'CONTACT' ... by HANS LAURITZEN

In February 1966 I travelled in Africa. I have visited 23 countries or territories of Africa. I got a severe case of liver hepatitis, which turned out to be chronic. I had to give up my work, and I was extremely tired all the time. It was decided that I should be put on invalide pension.

In November 1967 I travelled to the 7th International UFO Congress in Mainz in Germany together with some friends. Here I met a Swedish girl working for a Swedish group. She told me that I was placed on the list of the space people and that I would be contacted soon.

The evening of December 7, 1967, four of my friends and I went to a wood in Copenhagen (Hareskoven) on a UFO observation tour. It was difficult for me to follow my friends. I had to stop several times, because I was so tired. At that time my liver was so, too big. As we did not see anything, we decided to go home. When we passed an open place, I asked if we could stay a little longer. Then we spread a little. Suddenly, I saw TWO GREAT, DIM, YELLOW GLOBES - about 100 meters away. One of my friends saw one of the globes. I do not know why, but suddenly I asked if I could walk into the wood for 10 minutes. My friends agreed. I walked away. I had no intention to walk towards the UFO's, as I could not see them anymore. I walked in a semi-trance-like I was guided. I just walked. I felt a presence of something above, but I could not see anything. So I said - not loud - what was most important to me. I said: "Please help humanity. Please let me help you in helping humanity." A telepathic conversation followed. It was in Danish. I just really translate it here. They told me that I should give and not receive. And that I should not be alone. And they said: "You are only standing here by the help of your friends. Then you also have to go to your friends." Then they became surprised and said that it was the first time. Probably, it was the first time they met such a strange person like I am (was).

So they told me that I had a very strong power and that it would become still stronger. I asked them to make it so that the power could not be mis-used. After that I continued walking still in semi-trance. Without having the intention I found myself on the place where I had seen the yellow globes. There was a little open place. I decided to cross it. I don't remember walking across it. All of a sudden I found myself on the other side of the place. I heard my friends calling for me. I looked at my watch. More than an hour had lapsed. I wondered where I had been all that time. No time for considerations. I started running in the direction where I left my friends. When I met them, I asked them to excuse me for having walked alone for such a long time. Strange enough, they did not answer, but I understood that it was all right. Then we walked towards my car. When we walked down a hillside, I happened to run. Suddenly I discovered that I was not tired anymore. And I ran, ran, and ran so fast that my four friends could not follow me. So I had to wait for them. I realized that I had been cured of my otherwise chronic hepatitis. I drove three friends home. When I drove the 4th friend home, I broke down in the car and cried: "I got the wrong thing -- I got the wrong thing." I had not the slightest idea why I said so.

Later on we discovered that we had all 5 been prompted to take a walk alone in the wood. One of us was blinded by a strange BLuish-LIGHT during his walk. We all suffered from after-effects, although they were not exactly identical for all of us.

CONTINUED

I passed a medical examination. I did not mention the contact. Then the surprise of the doctor - when the liver condition had disappeared, so it was now of normal size. The blood tests showed that it functioned now as any normal healthy liver. I have used the word semi-trance. In this state you are completely conscious. Everything is clear. It is only by its effects, it can be recognized.

Soon after the contact I felt like something was spreading inside my body. Something was moving up along the spine from the bottom to the neck and backhead. It was accompanied by a pleasurable feeling and made me stand up and make strange movements and turns. Because of the semi-trance state I just had to follow it, but afterwards I became extremely afraid what it could be. It was like something spreading in the whole nervous system. After some months - pains began coming in the breast and under the arms but especially in the back, the neck and the backhead. I have never experienced so strong pains before. Gradually the effects faded. Soon after the contact I felt the most pleasurable states of mind so wonderful that it cannot be described. At other times I felt such a strong fear and anxiety that I dared not go outside the house. At such times I was also most inclined to deny that anything had happened to me at all. After some months, such states of mind as sorrow, depression and desperation came. I have never experienced so hard sufferings before. Gradually the effects faded.

Soon after the contact I discovered that I had not my FREE WILL to believe and think what I wished to. I could talk with people saying yes and no to various opinions. But afterwards I discovered that whatever I had heard, I had to believe in it and act according to it. Of course, it created great confusion. Strange thoughts which I felt I was thinking MYSELF came popping up. They were often of a very negative and destructive nature. It was not possible for me to stop these thoughts although I tried all the time. The worst thing was that because of the semi-trance state I was forced to believe in all these strange thoughts, too.

If I should make a summary of it, I would say: It has been the most wonderful and pleasurable experience in my life. It has been the most horrible and painful experience in my life.

Before, I had a sick liver. At one time it was 16 cm too big. Now I have a healthy liver. I am most thankful to the UFO's for having cured my otherwise chronic hepaptitis, without which I would never have been able to resume my work and activities.

Dear Friends, I swear to God that I have told the truth as far as I can see it.

UNDERSEA "MASTERS" or HAVE HUMAN 'PETS' GONE ASTRAY? -- by PAUL GILLILAND

Sleep well tonight. It's possible your Cosmic Masters are awake. Some anthropologists believe that man is a domesticated animal and if he is, then he needed a master. Dr. Roger W. Wescott, chairman of the anthropological department at Drew University in Madison, has speculated in a recently published book that beings from other planets (or this planet) lived among Earthmen as MASTERS until about 10,000 years ago, then retreated in disgust to the ocean floor or to other planets, because Man was a rather bad student.

PROFIT MOTIVE - "Once man, as a domesticated animal, developed to the point where he had material goods, he began to wage wars to obtain the goods he didn't have," said Wescott. "He also developed such traits as monopolism and slavery. It's possible this may have disgusted his Masters so they left." Monopolism is the tendency to try to accumulate as many materialistic goods possible.

"Once people began to develop a taste for materialistic goods, they began to think of each other as property," he said. "That's how slavery began." Wescott believes man's cosmic tutors may have created an earth-like environment in the OCEAN BOTTOM where they could observe man and live comfortably apart from him. "The ocean would have been the easiest place for them to go," he said, "they could constantly monitor our technology and keep ahead of it." Although he has no evidence to support this tentative hypothesis, he said that several sea captains have seen flying saucers go into and out of the ocean which might indicate that the "beings" have bases there.

Wescott, who is a scientific consultant to the N.I.C.A.P group in Washington, D.C., said that UFO's may be manned or controlled by these cosmic tutors. These "saucerites" suggests the anthropologist, may be the most intelligent of 'hominids' ... the most primitive being the abominable snowman, the second, man, and the third, "saucerites!" "Once it's possible to recreate your own environment, you can live anywhere, whether it's under the ocean or on the moon." Possible evidence of these "higher beings" said Wescott, comes from stories recorded centuries ago. "Ezekiel's wheel may have been a flying saucer," he speculated. "The giants described in Genesis and the angels discussed throughout the Bible may have been these "Higher Beings". He said the early Sumerians wrote stories about giant fishes coming out of the water to teach them. "These so-called fishes may have been manned submarines".

JUST SPECULATING Wescott, who holds four degrees from Princeton University and a degree from Oxford University, is a Rhodes scholar, a former Ford Fellow and a member of Phi Beta Kappa. He discusses his "CosmicTutors" idea in Chapter 11 of his recently released book, "THE DIVINE ANIMAL" published by Funk and Wagnalls. The chapter is entitled "Other Creatures, Other Worlds." ...
